

Akureyri, October 6th, 2022

Declaration of intent

I hereby declare that the Municipality of Akureyri is willing to continue its support for the Sulur Vertical trail running event. The goal is to attract both domestic and international contestants to Akureyri. The municipality also supports that the event might become a part of a world running series as the organizers of Sulur Vertical are now preparing.

The municipality officials have observed the Sulur Vertical event in recent years and have been impressed by the careful preparation and execution and the positive atmosphere in the town during the event

We will continue to ensure that necessary streets and areas in the town will be closed and reserved for the event and restrooms, waste containers and other essential infrastructure will be in place.

The municipality's support will be more closely defined in an agreement between the parties.

Contact person on behalf of the municipality will be Thorgnyr Dyrfjord, director of marketing, culture, and local business affairs.

With best regards,

Asthildur Sturludottir
Mayor
